Hai Hau costal area in Vietnam

The Global and Local Environment Co-creation Institute (GLEC) at Ibaraki University, in promotion of the Southeast Asia Research-based Network on Climate Change Adaptation Science (SARNCCAS), has jointly authored the open access book, “Interlocal Adaptations to Climate Change in East and Southeast Asia: Sharing Lessons of Agriculture, Disaster Risk Reduction, and Resource Management”, which was published by Springer in January 2022. The authors of this book will be attending the session to discuss and share their lessons on adaptations to climate change.

## Chair

Prof. Tetsuji Ito (Ibaraki University, Japan)

## Presenters

Dr. Makoto Tamura (Ibaraki University, Japan/VNU Vietnam Japan University, Vietnam)  
Overview of interlocal adaptation lessons in East and Southeast Asia

Dr. Nguyen Van Quang (VNU Vietnam Japan University, Vietnam)

The Effect of Climate Change and Natural Disasters on Mangrove Forests in Xuan Thuy National Park: Proposed Adaptation Measures for Mangrove Forests

Prof. Orlando F. Balderama (Isabela State University, Philippines)

Climate Change Adaptation Practices Towards Sustainable Watershed Management: The Case of Abuan Watershed in Ilagan City, Philippines

## Coordinators

Dr. Akihiko Kotera & Dr. Yuki Ishikawa-Ishiwata (Ibaraki University, Japan)

## Organized by:
